- Color Temperature / Gamma Selection.
- Wide color gamut for top image quality.
- Contrast enhanced panel with 176° wide viewing angle and custom shield for protection.
- Full HD Raster resolution.
- Rugged industrial strength metal case, high quality finish.
- Swiveling metal base.

### Options

- Mounting bracket mini C-stand compatible
- Waterproof case

**Specifications:**

Model name	OVP-24-SDI
LCD type	A-SI TFT Active Matrix
Picture size	24 inch diagonal
Pixels displayed	1920 x 1200
Aspect ratio	16 x 10
Aspect marker	Selectable
Area marker	Selectable
16x9 / 4x8 capability	Selectable
Colors displayed	16.7M
Color Temperature/Gamma selection	Selectable
Viewing angle (typ)	176/176
Contrast ratio (typ)	600:1
Brightness	550 nits
Tally	2 colors

**Input / Output**

Composite	BNC x 2 with output
Y/C	DIN x2 with output
Audio	RCA x 4 Dual channel stereo with loop through
RGB/Component (Y.R-Y,B-Y)	BNC x 3 + sync
HD-SDI /DI-SDI	BNC x 4 (2xHD or SD Auto detect)

**Remote**

Parallel remote control	RJ-45 modular connector (Pin assignment user selectable)
-------------------------	--

**Internal speakers**

Speaker output power	3.1W + 3.1W - Stereo
Frequency range	140Hz - 20KHz

**Power**

Power requirement	AC 100V-240V 50/60Hz
-------------------	----------------------

**General**

Power consumption	Approx. 92W
Operating temperature	0°C - 40°C
Operation humidity	30% to 85% ( No condensation)
Storage & Transport temperature	-10°C to 40°C
Storage & Transport humidity	0% to 90%
Operation/Storage/Trans. Pressure	700hpa to 1060hpa
Dimensions (WxHxD) mm	576 x 409 x 80
With stand and base	576 x 426.5 x 80
Supplied Accessories	AC adaptor, AC cord, Manual, Warranty card, Regular Certificate.
